Idea No	Name for your idea	Comment
1	Train Movement Tracking and Level-Crossing Safety Control	-need to practice more,come to the point quickly,be more enthusiastic,improve presentation,use slides,safety?
2	EmotiCom	-prepare well,bad slides, no enthusiasm,not software,presentation should be more technical,
3	Flood alerting and safety prediction mobile application	-need more energy in new presentation,pitching is not good,data will be useful to generate income
4	soil quality analyzer	-good, nicely done,how affect the algo,good presentation,contents can be improved,
5	BCI control	-good presentation,need a story,
6	Digital Personal Secretary	-compare with google,echo better,not convinical on added security,pda,google products,need better story
7	ManageMe	-need to prepare better,good intro,rest is boring,improve business,ads
8	SL Bus schedule and bus tracking system	-get to the topic directly,no need for outline,practical issues,not coherent
9	Telepresence Robot	
10	Light And Temperature Based Indoor Automation	-use of words
11	Smart ID	-good slides,bad presentation,dont look at slides,confusing
12	Smart Meter Reader	-need more energy
13	SMART METER	-practice
14	Smart Breathalyzer	-good presentation,legal slide of this,dat will be usefull
15	Smart Bike Sharing System	-start could be better,use sounds,security,more on presentation slides
16	HappyPet	-eating patterns,ads from food,feeding pattern
17	Land Slide Detection System	
18	Devolop a software which is useful to blind people	
19	Rhythm Mind Healer	-do you have motors?,business model,health issues,
20	Project Russell	-get some one from vet
21	Availability of shop via online systems	
22	qTrace	-already exists
23	AreaInd (smart area calculator)	
24	IoT Platform for Home Automation	
25	METABOT	-note some of works,
26	NEGII - (NExt Generation Interactive Inhaler)	-novelty is claimed,nort sure
27	Data Over Sound	-not some about some novelty
28	Shop for Me
